

## FOUR YOUNG MEN IN CONTEMPT OF COURT

And Fined \$25 For Failure To Answer Grand Jury Summons—In Circuit Court

Four young men of the Seaford Cane neighborhood learned to their sorrow Wednesday that the Madison circuit court won't stand for any "monkey business."

They were fined \$25 and costs each, for contempt of court for failure to answer subpoenas to appear before the grand jury.

The boys had been summoned before the regular grand jury but failed to show up. Then, again they were summoned for the special grand jury, and when they failed to come in, Deputy Sheriff Johnson went out and brought them in. The boys were Bradley Wyatt, William Powell, J. E. Galt and W. D. Clift.

After they had told the grand jury what it wanted to know they were haled before Judge Shackelford. The boys said they had overslept, but the judge couldn't understand how they could oversleep twice in the same place unless they were doing a regular R. van Winkle stunt, so he assessed them \$25 and costs, and as they did not have the funds on them to pay the fines into court, they went to jail until their folks could be informed of the predicament that the young men had gotten into.

Meanwhile, the "Whisky Special" grand jury as one wag has dubbed the special venire which is investigating illegal sale of liquor almost exclusively, continues hard at work. Foreman Kellogg is going at his work in a systematic manner and if he and his grand jury men can't find out if liquor is being handled illegally in Madison county, none other can.

Although there were no cases set for trial in circuit court Wednesday and little done there, the grand jury continued at work all during the day.

### Harlan Case Decided

The jury which heard the suit of J. H. Jeffries against A. M. Clark and others was given peremptory instructions in favor of the defendant W. F. Hall as far as his liability in the case was concerned; also an instructed verdict was given for the plaintiff against A. M. Clark and J. W. Nolan for \$52.40. The jury then retired and brought in a judgment in favor of Jeffries for \$1,000 the full amount sought in his suit. He was represented by Attorney A. R. Burman, of this city. With the exception of Mr. Clark, all the parties are from Harlan and Bell counties.

Annie F. Hamilton, of the Red House section, was adjudged an uncontrollable imbecile and sent to the asylum by a jury. James Parks, colored, was adjudged an imbecile and also sent to asylum.

Towner and Felt were killed in the doorway of a store where Brewer had taken refuge.

Brewer told the jury that Hatfield shot Felt and that Hatfield threatened to kill anybody who turned state's evidence at the trial. Brewer was a witness for the state today. His testimony was replete with sensational statements.

## TRYING TO HELP FARM BUYERS

Farmers' "First Aid Committee" at Lexington Doing A Good Work Right Now

(By Associated Press)

Lexington, Ky., Feb. 23—A large number of farmers in Fayette and adjoining counties are expected to be saved financial loss by given a longer time in which to meet payments on their property as a result of the action of the "First Aid Committee" organized to assist embarrassed landowners, according to a statement made here today by Charles R. Thompson, chairman of the committee. An effort is being made to extend the "First Aid Committee" Plan to other parts of the state where farmers are embarrassed because of the low price of tobacco.

Frequent meetings are being held by the committee here and up to the present time more than fifteen cases have come before it for consideration. Several cases have been settled to the satisfaction of the farmer and land owner, according to Mr. Thompson. The committee has expressed itself as being satisfied with the progress made and although some of the cases are beyond help from the organization, the body feels that it is accomplishing good results, according to Mr. Thompson.

The committee is purely a voluntary body without arbitrary powers of any nature, which was organized, it is asserted, for the three-fold purpose of securing extension of time on notes, creating confidence between the grower and note holder and in some cases getting assistance from insurance and other companies in the settlement of contracts. The committee is acting in the capacity of an arbitrator in the cases of men who bought high-priced land and who, because of the decline in the price of tobacco and other farm products, were not able to meet the second and third payments of their contracts. An effort is being made to safeguard the interests of all parties concerned in the contracts, according to the committee.

Because of the work already done and results obtained by the Fayette county organization, similar bodies already are being formed in a number of counties, according to word received by the local committee.

The Fayette county body is composed of Charles R. Thompson, chairman; S. T. Harbison, B. E. Allen, J. T. Tamm, S. L. Van Meter, E. B. Ellis, W. D. Nichols, Ernest Hillemeier, James Hallett, Jonas Weil and J. B. Hall.

### Wanda Hawley Coming Soon

The remarkable success of the first Wanda Hawley starring production created such a furore in this city that Manager Ward of the local theatres, has been besieged with questions as to when the young comedienne's second starring photoplay would be shown. She is now able to announce that "Food for Scandal," adapted from the farce "Reverie's Balance," will be presented Thursday.

Realart arranged this with premeditation in order to demonstrate Miss Hawley's versatility. The actress, appearing as Sylvia Figueroa, a girl of proud old California family whose depleted finances caused her to become "Maybell Flowers," the "Kissing Girl" of the "Vanties." And, of course, no end of fun commences when into the plot are stirred one poor lawyer-lover, several stage-door "Johnnies," a wedded pair who do and don't want a divorce, and an Italian comit, with pronounced anguished intentions. The transition from daughter of a famous old Spanish-California rancher to show-girl gives the star splendid opportunity.

Special interest attaches to "Food for Scandal," because the scenes at the Dane-Figueroa ranch of the story were taken at no less famous a shrine than the Ramona's Home at San Diego, California.

"Smile-a-minute" Tom Moore in the role of a crook who steals your heart away will be seen here on Friday when the screen drama "Stop Thief!" is shown. The picture was based on the famous farce which kept Broadway laughing for an entire season. The film version hits the fastest laughing pace of the decade.

**Spring Coats Are Sumptuous**

COATS are nothing if not graceful and dignified this spring. There is something about them that suggests leisure, or at least deliberation. They appear to be designed, not for hurrying mortals, but for those who have time to give heed to their draperies—not to speak of turning on to them. It is quite the style to appear to hold the wrap about the shoulders and it must be conceded that this casual adjustment of the garment to the figure has "chic" of its own. The pretty model at the left of the two pictured is showing us one way of following the mode.

Both the coats pictured are representatives of favored styles; they are as much like maudslas as coats. Even the models that have set in sleeves are ample and clinging, managing to follow—at a little distance—something of the vague and changing lines approved by fashion which distinctly favors wraps that may be described as sumptuous. Each of these coats is distinctly new in some style points. The model at the left is made of one of the heavier of spring pile fabrics and has its unusual collar striped with bands of black which may be of patent leather or of cotton. Beige-colored coats with finishing and embellishments of patent leather are among the best of the season's offerings.

The coat at the right might be more accurately described as a mantle, shaped into wide sleeves at the sides. It is a very clever piece of designing with its body gathered into a length of the material which becomes a yoke, collar and scarf, all in one. The scarf ends are finished with handsome tassels.

"Parlor, Bedroom and Bath" the screen farce which sets forth the tribulations and misadventures of a model husband, who won his wife under a false pretense of deviousness, is scheduled for its first showing at the local theatres Wednesday. For one of the longest and most hilarious seasons a comedy has ever known, "Parlor, Bedroom and Bath" convulsed New York and those who have had the opportunity of seeing pre-release exhibitions of the production in pictures with an all-star cast assert that the play has gained rather than lost in hilarity in the transition to the silver sheet.

"The happiest moment of my young life was when I shot off my father's gun while he wasn't looking. That was last hunting season out on our farm. After I shot the gun I wasn't quite so happy, because the gun kicked me clean across the field, and I've been sore ever since. I think I've written just seventy-five words in my letter. I hope I win a prize, else I'll be disappointed."

**FROM CHILDREN'S MOUTHS**

Here's a Lot of Real Wisdom Uttered By Pittsburgh Youngsters.

Over thirty-five thousand precepts of thrift were submitted recently in a contest among Pittsburgh school children for the best slogans to encourage the sale of Thrift Stamps and War Savings Stamps. One hundred and eighty-six of the slogans won prizes aggregating \$500. The children, who ranged in age from 9 to 14, gathered their material from a wide variety of sources.

The slogan which won the highest prize, written by Raymond Lorterman, aged 11, emphasized the safety of the Government securities and the wisdom of holding them to maturity. His contribution was:

"W. S. S. are good as gold—  
"Best to have, and best to hold."  
Ruth Miller, aged 12, winner of the second prize, made it clear that thrift is not miserliness. Her slogan read, "Thrift doesn't mean do without; it means do with less." Buy W. S. S.  
"Thrift today means wealth tomorrow," by Minerva Demetrius, 14, won third prize. Some of the other slogans were: "Cut out candy, movies and their vamps; invest your money in War Savings Stamps;" "Some rainy day you'll need a lift; then you'll be glad you practiced thrift;" "Sow your pennies now and reap your reward afterwards;" "Stamp thrift cures spendthrift."

## LEGION NEWS

Van W. Bishop and C. G. Allison, California members of the American Legion, were discharged from the "School of Walking" when they were discharged from the army. Now they are taking a post graduate course and are well on their way on a little jaunt from Los Angeles to Mexico City, Mexico, a distance of more than 1,500 miles. Bishop belongs to Los Angeles Post No. 8, and Allison to Irvin Post, No. 93, of San Francisco.

Went with tramping the dusty southwest kilometers and burdened with packs and other impedimenta, the marchers found rest at a number of Legion posts along the way, according to a letter received from them by the adjutant of the Los Angeles post.

"We do wish to say this," the hikers aver, "The posts of the American Legion in the town where we have stopped have treated us royally. Legion members at Yuma, Ariz., treated us fine. We were at Tucson post two days. They fixed us up in a room fitted with bunks for the accommodation of a few fellows who come in and want a place to stay."

"Our next stop was at Bishop for three days. They have a regular home with several rooms and a sleeping porch. A number of the fellows make their home at the club. We arrived in time to attend the funeral of one of the boys brought back from over there. We are now at Douglas, where Legion post officers obtained quarters for us. We expect to hit the trail again and to enter Mexico at El Paso or Laredo, Texas."

Word has just reached national headquarters of the American Legion that the Senate and House of the Texas legislature have unanimously passed a bill, sponsored by Legionnaires, providing a million and half dollars for a hospital at Kerrville, for disabled service men. The fact that this measure went through without a dissenting vote is attributed in great measure by Legionnaires to the untiring efforts of Col. Alvin Dowsley, of Texas.

**Dollars and Cents**

Counting it only in dollars and cents how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself in bed.

## BOND ISSUE IS NOT NECESSARY

GOOD ROADS PROGRAM HAS NOT, FALLEN DOWN SAYS STATE ASSOCIATION.

McBYRDE GIVES FIGURES

Kentucky Compares Favorably With Other States in Record of Construction and Prospects For Ample Funds to Continue For Next Ten Years.

Louisville, Ky.—The Kentucky Good Roads Association was the first organization in the State to concentrate its efforts on the creation of a State Highway Department and the building of a State-wide system of highways. It has seen the movement for good roads in Kentucky grow from a few voices crying in the wilderness into as good a system of highway administration as is enjoyed by any of the States.

Naturally, together with all other Kentuckians, its membership has been much concerned recently by the repeated reports made to the public and the press that the whole system is "going to pot" for lack of funds and that the only thing that will save it will be an extra session of the Legislature to call a vote of the people a bond issue estimated at anywhere from \$2,000,000 to \$10,000,000.

Investigation made by Robert J. McByrde, President of the Good Roads Association, has disclosed the fact that not only is Kentucky not in need of a bond issue to build roads, but that it now has more money for this purpose and is building more roads and better roads than ever before in its history. If the present pace can be maintained, Kentucky's entire system of highways will be completed within the next ten years.

Actual conditions as taken from the official record are as follows:

Total State Aid Road Fund now available for road construction	\$2,100,000.00
Total Federal Road Fund now available for road construction	\$3,028,257.31
County appropriations made but not yet under contract	\$2,008,007.00

Total available road fund \$5,126,257.31

The State Highway Department during 1920 has had under contract a total of 6,693.1 miles of Federal and State Aid Roads at a total cost of \$7,087,567.38. Of this mileage 347.8 have been completed.

In addition, the State Highway Department has co-operated with the counties in the maintenance of 104.91 miles of state highways built under the provisions of the former State Aid Maintenance Law.

At the beginning of the year 1921 the State Highway Department has completed surveys and plans and is ready to advertise for bids on 197.7 miles of Federal and State Aid Roads. Surveys have been made and plans partially completed for an additional 2,309 miles of such roads and surveys have been completed on another 234.3 miles.

There has been favorably reported by the Roads Committee of both the United States House of Representatives and the United States Senate a bill increasing by \$100,000,000 per year the Federal appropriation for roads. If this bill becomes a law, Kentucky's Federal Aid quota will be increased \$2,000,000 annually. The amount produced by general and special state taxes will of necessity increase each year.

Kentucky in the past year has had \$8,000,000 to spend for roads, and there is every reason to believe that within the next three years Kentucky's annual road fund will be not less than \$10,000,000.

For the first time in its history Kentucky not only has a completely equipped State Highway Department, but all of the money that is needed to administer it successfully.

## AFFECTIONATE PHEASANT

It Keeps at Heels of Rabbit Hunter Who Did Not Have a Dog.

Bruno Grummel of Tiffin, O., walked a few miles into the country to hunt rabbits. He did not have a dog, but when he entered the woods he was joined by a rock pheasant that hung at his heels all the afternoon and played dog for him.

Grummel did not dare shoot the bird because it was protected by law. On returning home Grummel tried walking through woods and brush to lose the bird, but it trailed him two paces to the rear.

Friends witnessed an odd sight when they saw Grummel walking into the city with the bird waddling sedately behind him.

If You Get Well Slowly, Try Building Up Your Blood

It's Blood That Feeds the Body

Pepto-Mangan Creates Rich, Red Blood, Changes Pale Complexions To Bloom of Health

A serious illness, even a cold that is hard to shake off, can reduce the blood to a weak, watery condition which keeps the normal strength and vigor from coming back.

This poor physical condition brings on a helpless, discouraged mental condition which rich, red blood can restore.

Pure blood should be rich in iron which Nature supplies to some extent in food. But often through faulty digestion or improper diet you don't get the needed iron, and your blood, on which your health depends, grows weaker and weaker.

Gude's Pepto-Mangan enriches the blood, creates the red blood cells and supplies the ingredients that bring a quick response in vigor, vitality and fine color.

Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word, "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists. It

President Southern Baptist Convention, who will tour the South.

Up to December 1, 1920, Southern Baptists had paid \$16,851,100.68 in cash on their subscriptions to the 75 Million Campaign, according to the announcement issued by the Conservation Commission, which is looking after all the general interests of the campaign. This sum has been apportioned among foreign missions, home missions, state missions, Christian education, hospitals, orphanages and ministerial relief, in accordance with the original campaign program.

While the receipts from the campaign have enabled all the agencies of the denomination to greatly enlarge their work the returns have not been as large as the best interests of the work demand, it is said, and the local churches throughout the South are asked to join in a movement to bring up the payments on all subscriptions due by May 1, in order that the delegates can go to the Southern Baptist Convention at Chattanooga, May 12, with a clean slate and all the general work adequately provided for.

### Will Hold Day of Prayer.

Inaugurating this spring cash round-up campaign, February 27-March 6 has been designated as intercession week by the Baptist women of the South, while the entire membership of the Baptist churches is asked to join in special Wednesday, March 2, as a day of prayer for God's blessings and guidance in the further campaign work.

After this special period of prayer the remainder of March will be given over to enlisting all the members of all the Baptist churches in the South in the matter of completing the campaign program by paying that portion of the subscriptions due by that time, and in bringing the members to see their obligation to support God's work through the dissemination of the doctrine of stewardship. April has been designated as loyalty month and during that time effort will be made throughout the South to bring Baptists to realize that their loyalty to God and His work demands the payment, where at all possible, of their pledges to the campaign.

### Southwide Tour Is Planned.

In order that the subscribers to the campaign may be fully informed on what has been accomplished with the money they have contributed so far, and as to the needs for the completion of the campaign program, a series of informational and inspirational meetings that will reach into every state in the South has been planned for March and April. These meetings will be featured by addresses by Dr. J. B. Gambrell, president of the Southern Baptist Convention, and Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary, who have just returned from a six months' tour of the mission fields of Europe, and who will tell of conditions they found there; Dr. L. R. Scarborough, general director of the campaign, and other persons of prominence. These meetings will be held at central points in the various states, and from these central meetings associational and district rallies will be formed in the hope of taking the campaign message to all the people.

### Large Relief Work Done.

Secretary Love of the Foreign Mission Board reports that Southern Baptists, within the last few weeks, have contributed \$147,254.20 in cash for the relief of suffering peoples in Europe and China, above their campaign contributions, and that the Baptist women of the South have contributed \$100,000 worth of first-class clothing for the needy families of Hungary.
